TO THOMAS D. VASS

A man who for two years has been rendering the Class of 1924 an inestimable service of untiring devotion and whose guiding influence has made possible the Spirit of Old '24, we dedicate this book.

# Administration

Auburn School Board

H. W. Timbrook

L. G. Whitten

H. L. Brown, Pres.

H. L. McKenney, B. S., A. B.

Superintendent

*Valparaiso University*  
*Wisconsin University*  
*Indiana University*

"That isn't generally done around here."

Mr. McKenney is respected as well as liked by all students because of his fairness and his desire is to make A. H. S. "second to none in the state." Through his efforts our plans for a new Gym are being realized.

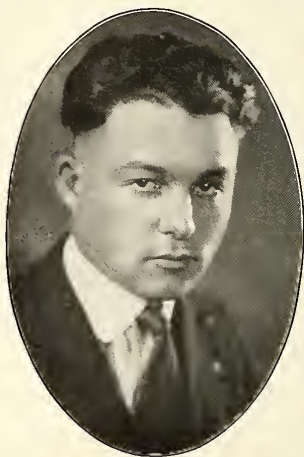

E. F. Fribley, A. B.

Principal

*DePauw University*  
*Columbia University*

"Sincet here are so many extra-curricular activities going on around here now—"

This is Mr. Fribley's first year in A. H. S. but we have all found out that he is just the Principal we want to make our school among the first. He's known as "Firpo" around the halls.

Vera M. Walter

Clerk

"Well, I don't know just what to do."

Whenever students are seeking favors they go to Vera and are sure of having them fulfilled. We couldn't possibly get along without her, for she is always able to fill the most difficult parts in plays or operettas.

## ENGLISH AND LATIN

Marion Thrush, A. B.

*De Pauw University*  
*Columbia University*  
"This is Friday afternoon."

Miss Thrush's English class is something to look forward to, even on Friday afternoon after the trying seventh period assembly. She doesn't receive an out of town visitor occasionally, as formerly—maybe because the weather is pretty fair around here.

Opal Leitzman, A. B.

*Franklin College*  
*Central Normal College*  
*Indianapolis Metropolitan*  
*Indiana University*

"All right now—let's have it with barrels of pep."

During the past few years more interest has been taken in dramatics and public speaking, due to the ability of Mrs. Leitzman. Seeing the Kentucky mountains in a Ford seems to have agreed admirably with her.

Maude Armstrong

*Michigan State Normal College*  
*Syracuse University.*

"Don't let that gray matter lie dormant."

Miss Armstrong has been the means of transporting many of us to the celestial realms of literature. She is always there at 8:30 sharp, to take the roll, even though many seats are still vacant.

## HISTORY

Frank Weathers, A. B.

*Muncie Normal.*

*DePauw University.*

*Chicago University.*

"Now, I don't like to bawl you out, but—"

Mr. Weathers has given much of his time this year to writing receipts for the Athletic Association. He is back of everything to better A. H. S. "Skeet's" one English class has been the cause of much consultation with another teacher of the English Department.

Elenora B. DeVine, A. B.

*Earlham College University of Wisconsin.*

*Northwestern University.*

"Down at Columbia City."

Miss DeVine is often hurried on Friday by the arrival of a distinguished visitor or a special delivery letter. As to how much her knowledge of her home town has helped her, only the Senior Civics classes can tell. Her good nature is unfailing.

## MATHEMATICS AND COMMERCIAL

Jay E. Waskom, A. B.

Mathematics  
*Indiana University.*  
"Well, I couldn't get that one either."

Mr. Waskom has had considerable trouble in getting a car. Having had three cars he has finally decided that a Ford is the best. By a glance in Room 5 you can tell that "Oscar" is popular with the fellows.

Thomas D. Vass, B. C. S., B. S. S.

Commercial  
*Business University of Kentucky.*  
*Indiana University*  
*Chicago University.*  
*Michigan University.*  
"That reminds me of a story."

The Commercial Department under Mr. Vass has proved very successful. However, T. D.'s talents are by no means limited for he has proved his value in athletics, has coached two plays, as well as filling the most difficult position of Senior Class Principal.

## SCIENCE

R. S. Schooley, A. B.

Science Mathematics

*Indiana State Normal, Terre Haute.*

*Indiana University.*

*University of Marsaille.*

"Now take a very common make of car  
—the Ford."

Mr. Schooley is one of the faculty who owns a Ford. Although he is a new teacher this year, he has received the unanimous approval of Chemistry and Physics students. He is also an ever present "help in time of trouble" for the Geometry students. We shall touch only lightly on his progress as champion booze-tester of DeKalb county.

Emma L. Force, A. B.

*Indiana University.*

"Since there are only a few minutes  
left—"

Miss Force proved early in the year to be the bravest member of the Faculty, for she was the first to have her hair bobbed. She is voted a popular member of the Faculty by all her classes, especially her Spanish Class.

## AGRICULTURE AND MANUAL TRAINING

Charles G. Hornaday, B. S. A.

Vocational Agriculture

*Purdue University.*

"Well, now boys—."

Mr. Hornaday has made the agriculture course in A. H. S. very practical and has carried on a twelve months study with profitable results for both the students and farmers in the community. Mr. Hornaday, too, finds a Ford useful in his business.

I. M. Cosper

Manual Training

*Tri-State College.*

*Purdue University.*

"That is quiet unnecessary."

The Manual Training boys have developed much skill under the direction of Mr. Cosper. Exhibits from the "Wood Shop" have received much favorable comment. Every play cast is much indebted to Mr. Cosper for stage properties.

## HOME ECONOMICS

Bessie M. Viemont, B. S.

Vocational Home Economics  
*Purdue University.*

"At times my nerves are unable to stand all this jabber."

Miss Viemont's best known virtue is her patience. She created an excitement last March when she appeared for the first time wearing a Frat pin.

Mildred Tingley, B. S.

Vocational Home Economics  
*Purdue University.*

"Well—if you see Mr. Fribley first."

Miss Tingley wears a Frat pin. We don't like that, because it means we can't keep her here. We first became acquainted with her through the account of her trip to Japan, which she made as State Student Secretary of the Y. W. C. A.

## ART AND MUSIC

Thelma Beelman

Art  
*Cleveland School of Art.*  
*Ohio Wesleyan University.*  
"Oh, that's good."

Miss Beelman, as Art Supervisor, has proved more than efficient. She has proved popular for a certain Sophomore bunch, as chaperon, perhaps because she seems as young as they.

Fern Ammon

Music  
*Western College.*  
*Oberlin College.*  
*Northwestern University.*  
"Oh, isn't that fine!"

Miss Ammon has discovered and brought out the musical talent in A. H. S. with Glee Clubs, Operettas, Musical Contests, and improving the orchestra. Her personality has made every student her friend.

## PHYSICAL EDUCATION

Sewell H. Leitzman

*Great Lakes Hospital School.  
Central Normal College.  
North American Gymnastic Union.  
Indiana University.*

"We've a better team this year than ever before."

Mr. Leitzman has built up a real basketball team for A. H. S. and has introduced football and other athletic sports. "Piggy" is strong for vacations—especially honeymoons.

Jane Eagles, A. B.

*DePauw University.  
Columbia University.*

"Remember, you've got to do your stuff or—"

"Jane" has made an enviable record with her basketball girls this season. Only the most enthusiastic response is made at the mention of her. We can easily see why DePauw's W. A. A. voted her the best sportswoman in the school.

Naomi Hensel

*Valedictorian*

She took the Scholastic honors, but shares them with Eloise Harris, salutatorian. The grades of the valedictorian and salutatorian were within one fifth of a point of each other.

*"Speed. how it will, you shall ere long have knowledge of my success."*

A. H. S. 1, 2, 3, 4. Follies Staff 4. Class Secretary 1, 2. Honor Student. "Still waters run deep" is Naomi's motto. It's an excellent one for storing up knowledge. With quiet perseverance, throughout her course, Naomi has distinguished herself as an excellent student.

Mary Brandon

*"So much for idle thinking—how  
it steals the time! To business now."*

A. H. S. 1, 2, 3, 4. Treasurer Vocational Club 4. Of a rather retiring disposition but very agreeable, and the best of friends to all who know her. It is said that the wee sma' hours are her favorite for talking.

A. H. S. 1, 2, 3, 4. Vice-President Class 1. Follies Staff 4. Marian's interest is in the hardware business. She hasn't been quite herself this year without "Geng." She's in for a good time and usually has it.

Helen Bartles

*"Where she finds herself in life  
She'll make a good addition."*

A. H. S. 1, 2, 3, 4. Helen is a conscientious student and devotes most of her time to study. She looks to work and isn't ashamed of it.

Tell you, I liked your looks at very first."*

A. H. S. 1, 2, 3, 4. Basketball 2. Glee Club 2, 3, 4. Operetta 2, 3, 4. Quartette. Eunice has always wanted to know how rubber tires were made so George is going to take her into the firm. We first became acquainted with her through her work as the basketball guard from Texas, and later for her musical talent.

Ann Baker

*"Tis said that absence conquers love: but oh! beleive it not  
I've tried, alas! its power to prove, but thou art not forgot."*

A. H. S. 2, 3, 4. Basketball 2, 3, 4. Chatterbox 2, 3, 4. Art Editor Follies 4. Ann's thoughts are directed toward higher halls of learning (Wooster). However, that doesn't detract from her cleverness as an artist or from her pep in basketball. She's known by all rival teams as "the forward with the wonderful curls."

Genevieve Berg

*"O blessed with a temper whose unclouded ray  
Can make tomorrow as cheerful as today."*

A. H. S. 1, 2, 3, 4. Orchestra 2, 3, 4. Basketball 3, 4. Genevieve has shown a real school spirit by her record on the basketball floor. Her happy disposition never takes a day off and consequently she has many friends.

Chester Baker

*"The mildest manner with the bravest mind."*

A. H. S. 1, 2, 3, 4. "Chet" is an easy going sort of fellow who takes life as a dream. He hasn't found the girl yet. That's why everything he attempts turns out well.

Delight Baker

*"May one like her be ever numbered among our friends."*

A. H. S. 2, 3, 4. Delight is rather quiet but she has made many friends in A. H. S. Truly, silence is a virtue.

Vera Crabill

*"So well to know her own that what she wills to do or say  
Seems wisest, most virtuous, and best."*

A. H. S. 1, 2, 3, 4. Follies Staff 4. Vera is an energetic student. She has made many staunch friends in school and they can all give a splendid account of her.

Dorothy Cripe

*"My thoughts and I are of another world."*

A. H. S. 4. Dorothy realizes the value of an education and that she has made the most of her year in A. H. S. is shown by her scholastic standing

Ruth Daum

*"She speaks, believes, and acts just as she ought"*

A. H. S. 1, 2, 3, 4. Ruth is a diligent worker, and takes life quite seriously. She helps raise the scholastic standing of the class.

Mae Denney

*"Oh sir, she smiled, no doubt whene'er I passed her;  
But who passed without much the same smile?"*

A. H. S. 1, 2, 3, 4. Junior-Senior Play 4. Follies Staff 4. Mae came into prominence through typewriting, having won many certificates and medals, we understand. Yes, and that she has won a "Lott" of other things.

I would have finished Schubert's 'Unfinished Symphony.'"*

Editor-in-chief Chatterbox 4. Follies Staff 3. Associate Editor Follies 4. Delegate to C. I. P. A. 4. Honor Student. Eloise doesn't like to be teased but she seems to endure it. If Eloise hadn't had a hand in it, it wasn't a success. Just pick up a "Chatterbox."

Laura Green

*"She could not speak for others, who  
Had other thoughts; herself she knew."*

A. H. S. 1, 2, 3, 4. Follies Staff 4. Though quiet, Laura is always ready with a smile for whatever's to be done. She took a Commercial Course and will make some one an A-1 stenographer.

Edwin Dellenbach

*"Anything for a quiet life".*

A. H. S. 4. Eddie is the likeable sort of chap we were acquainted with in a few weeks. His first and last year in A. H. S. we know he enjoyed.

"Bill's" the kind of fellow who takes first in all events including Senior English, and the only reason he took that was because he had to. His athletic record is the best in A. H. S. as he has been a four-letter man for three years.

Walter Kosht

*"A man of weight in many things."*

A. H. S. 1, 2, 3, 4. Junior-Senior Play 2, 4. Class President 3. Baseball 2, 3. Chatterbox 2, 3. Operetta 4. Business Manager Athletic Association 4. "Coxy" is the business man of the class—first the Chatterbox then the Athletic Association. When there's work to be done there's always a call for Kosht. If he ever had a selfish thought, we'd like to know about it for his personal watchword certainly appears to be "Others First." It will not be easy to fill "Coxy's" place.

The lips, the little chin, the stir of shadow round her mouth."*

A. H. S. 4. Junior-Senior Play 4. Vocational Editor Follies 4. Virginia has a pleasing disposition and is among the first in academic work. She starred as leading lady in "Honor Bright."

Why can't they all be contented like me."*

*"Thou truest friend I ever knew  
Thy constancy I've tried."*

A. H. S. 1, 2, 3, 4. Glee Club 3. Operetta 3. Follies Staff 4. You can depend on Vada to know what the teachers are talking about. If they gave letters for Spanish she'd have more than anyone.

Reginald Moore

Never was such prompt disemburdening."*

heartburned for an hour after."*

A. H. S. 3, 4. Class Secretary 3. Joke Editor Chatterbox 3. Katherine is best known by her "hope to tell you." It may be Harold or it may be Harry, but that doesn't prevent her from being the life of many a high school party.

Mary Louise Campbell

That with fairness she was more than fair."*

A. H. S. 1, 2, 3, 4. Commercial Club Play 3. Junior-Senior Play 4. Glee Club 4. Operetta 4. Dramatics Editor Follies 4. Mary Lee is not only good looking but a whiz at the typewriter and a very successful actress as was shown in "A Poor Married Man" and "Honor Bright."

A. H. S. 1, 2, 3, 4. Junior-Senior Play 4. Football 4. Baseball 3, 4. Sales Manager Follies 4. "Huby" is a good salesman as well as an athlete. He could sell 5,000 Follies in Peking over night. Chemistry is just another phase of his varied interests. State winner, chemistry essay contest.

Sarah Renner

*"We did think her contemplations were above the earth."*

A. H. S. 2, 3, 4. Organizations Follies 4. Honor Student. Sarah is true blue and has a frequent habit of blushing. She is a dependable and conscientious student, and is in a great measure responsible for raising the academic record for the class of '24.

Than to love and be loved by me."*

A. H. S. 1, 2, 3, 4. Basketball 2, 3, 4. Football 3, 4. And as for "Ton" just leave it to Madaline. "Ton" covered himself with glory this year as full-back on the Football team and back-guard on the Basketball team.

Pearl Rigg

*"A cheerful temper joined with innocence and knowledge delightful."*

A. H. S. 1, 2, 3, 4. Orchestra 3. Pearl's the mathematic shark. That must be why she is always smiling. She has been a loyal booster for the class.

An act unworthy to be done."*

A. H. S. 1, 2, 3, 4. Follies 4. Fanny is very much in earnest about everything and has ranked well as a scholar in A. H. S. Her chief interest is not confined within the city limits.

Irene VanAuken

*"The thing that counts in making life worth while  
That does the most is just a pleasant smile."*

A. H. S. 1, 2, 3, 4. Basketball 1. Glee Club 4. Operetta 4. Irene's ambition is to become a nurse. We'd guarantee her success in almost any kind of work, especially as a stenographer, for they say that one requirement of a stenographer is good looks.

Violet Wilson

*"For she was just the quiet kind  
Who's nature never varies."*

A. H. S. 2, 3, 4. Violet perhaps doesn't talk much but thinks a lot. She has a good disposition and curly bobbed hair.

*"What was that Shakespeare said about women! No, Sherman said that about war."*

A. H. S. 1, 2, 3, 4. Operetta 3, 4. Track 3, 4. Archie doesn't have much to do with the women. He says they are alright in their place, but the earth is not the place for them.

## Senior Class History

Yea, verily and it came to pass in the year of our Lord, nineteen hundred and twenty, on the sixth day of the ninth month that there gathered together in the halls of McIntosh in the city called Auburn, a congregation numbering eighty souls. And the house of McIntosh called their tribe Freshmen.

There ruled over them a good king of the house of Youngblood, a mighty ruler who decreed that on the twelfth day they should minister a chosen four of them for officers. They harkened unto him and did as they were bidden. James of the house of Little, was chosen leader, Marion of the house of Borst, as second leader, Naomi of the house of Hensel, scribe, Louise of the House of Dennison, keeper of the coffers, and Frances of the house of Farley, elder of the tribe.

And it came to pass that during the days of their sojourn, they were sore afflicted with plagues of Latin, Botany and Algebra. And the whole congregation murmured against it.

Now at the third hour of the twentieth day the elder tribes of Senior, Junior and Sophomore saith unto the younger: "This night shalt thou make merry with us in the temple of the 'Y.'" And many days after this rejoicing the tribes of Sophomore and Freshmen did partake in great pleasure.

And after nine months they did beseech the king that he wouldst give them a rest. Then the king commanded that they shouldst go forth from hence but return in the year of our Lord nineteen hundred and twenty-one, the ninth month and the sixth day. And they didst praise him for his mercy.

And it came to pass that they, returning, had set over them task masters to afflict them with burdens of Geometry and Caesar. Nor did they grant unto them much time for feasting or rejoicing. Four of the congregation were ministered into office: Waldo of the house of Long, as leader, Marshall of the house of Link as second leader, Naomi of the house of Hensel as scribe and Eloise of the house of Harris as keeper of the coffers. Alfred of the house of Gray was decreed elder of the tribe of Sophomore. And after the given time they again beseeched the king for mercy. Now the mighty king, who had dealt with them wisely and well, did harden his heart against them who did not obey his commands, nor wouldst he let them join the tribe of Juniors.

And it came to pass that those returning as Juniors triumphed in a great song of exaltation and sang, "Caesar's Army and His Foes are Vanquished." And the Sophomores were sore afraid. And those ministered into office were Walter of the house of Koscht, as leader, Ward of the house of Swarts, second leader, Katherine of the house of Dawson, scribe, and Marshall of the house of Link, keeper of the coffers, and T. D. of the house of Vass, elder of the tribe. And twice, during their sojourn as the tribe of Juniors did they rejoice in the halls of Reed and the halls of Rigg. And, lo, the elder didst raise aloft his rod, and the waters parted of tribulation, and they passed through into the promised land as the tribe of Seniors.

And it came to pass that in the fourth year of their sojourn here they didst again assemble a wise and learned people. And every wise-hearted man didst say unto himself, "T. D. of the house of Vass, having long and faithfully served, shalt serve again as elder." And it was decreed that Ward of the house of Swarts shouldst be leader of the tribe, Franklin of the house of Baker, second leader, Thelma of the house of Myers, scribe, and Ralph of the house of Black, keeper of the coffers.

## Junior Class History

We certainly gave those upper classmen some surprise when 109 of us from Junior High flocked over to the new building to take charge of affairs. We chose Dale Walter for our President, Myrth Pomeroy, Vice-President, Betsey Reesch, Secretary and Russell Bills, Treasurer. Miss Humphreys was our class Principal. We were given a rousing reception by the upper classmen, soon after we had entered on our new routine. We had many enjoyable parties, sleigh rides and weiner roasts during the year.

We assembled once again in '22, but we had lost thirteen of our classmates. After an exciting campaign we elected Edward Bourns, President; Glen Yoquelet, Secretary; Marie Williams, Treasurer and Miss Thrush, Principal.

We began to realize that we had really had a "snap" last year, after we began to battle with Caesar and other notable characters. Because of our desire to keep our record we had only one party and a picnic at Hamilton, but these were so successful that we were well satisfied with our Sophomore year.

We were now Juniors. Glen Yoquelet led us successfully through this year, aided by Cortland Frederick as Vice-President; La Rea Foote, Secretary and Erma Smith, Treasurer. Our social events were limited to a bob party and a carnival, because we had to save money for the banquet. The Junior-Senior banquet this year will well repay us for loss of parties and will be one long remembered.

Next year is our last and we hope that it shall be our best, for we are coming back next year to work for Auburn High.

## Sophomore Class History

On the morning of September 7, 1922, more than one hundred timid Freshmen answered the call of the school bell and came to the McIntosh High School. Soon we organized our class, choosing our officers as follows: Robert Little, President; Kathryn Groscup, Vice-President; Nelline Faylor, Secretary; Frieda Knott, Treasurer; and Mrs. Leitzman, Class Advisor. For our class colors we decided on old rose and silver, and for our class flower the sweet pea. Soon after we selected our class pins.

That year our activities were confined to a Halloween party in the High School Gym, and a picnic at Lake Gage at the end of the year. Each of these was a great success.

We, as Freshmen, were well represented in Athletics, contributing Naomi Kraft and Katrinia Baker to the girls' basketball squad, and DeVoy Showers to the football team.

With these honors attending, the year closed with great expectations for our Sophomore year.

September 3, 1923, most of us returned, proud and happy, for we were Sophomores, the best of all classes. At our first class meeting we elected Stewart Faulkner, President; Harris Berg, Vice-President; Naomi Kraft, Secretary, retaining Frieda Knott as Treasurer and Mrs. Leitzman as Class Advisor.

This year our Halloween party was held in the country, at the home of Maurice Clark, one of our number, and surpassed even our Freshman Frolic.

In addition to retaining our first members entered in athletics, we have added DeVoy Showers, Lloyd Hoodlemier and Harold Snyder to the boys' basketball squad, and Dawn Hess to the girls' team.

Now, at the close of the year, we are looking forward happily to the joy of being "upper-classmen."

## Freshman Class History

With an enrollment of nearly one hundred, the class of 1927 began its career in Auburn High School.

The class election made the following officers:

Franklin Van Scoik	President
Estus Baker	Vice-President
Virginia Bourns	Secretary
Miriam Rainier	Treasurer
Miss Marian Thrush	Faculty Advisor

The activities of the class were confined to two parties. The party held at Snepps' barn proved to be the big drawing card of the year, and it is a well known fact that many of the upper classmen attended.

The Freshman class has been well represented in athletics and scholarship for the year and should be able to carry on the high standard with which they have started.

## The Chatterbox

The Chatterbox has completed its fourth successful year. A third rating was given it at the National C. I. P. A Contest at Madison, Wisconsin, in the fall of 1923. In view of the fact that nearly 1000 papers were entered in the contest, Auburn is indeed fortunate in securing such honorable mention.

We are looking forward to an increase in the size of the paper in 1924

## The Hi-Y Club

The Hi-Y Club has completed what might be termed a routine year. Its regular Tuesday evening meeting has been filled with numerous talks and discussions by various business men of the town. In previous years the Club has emphasized the social side of school life, but owing to the organization of so many Clubs for that purpose it has been found impossible to put on the usual number of banquets and parties.

The leadership of such an organization is always one of the most difficult tasks, yet the Club feels confident that it has secured the best possible.

## History Club

"How many people were members of the History Club in 1921 and 1922? How many people would like to have the History Club re-organized again this year?" Such was the cry of Miss DeVine to the Senior history class at the beginning of the school year. The seniors decided they wanted the Club re-organized, so Mr. Weathers urged a meeting as soon as possible at which the following officers were elected: President, Vice-President and Secretary-Treasurer.

In order to belong to the History Club the student must have a grade of C (85-90) or above. With this restriction the number in the organization was greatly diminished. Juniors were then permitted to enter. The first meeting was held at the high school, each member representing some noteworthy historian.

In February the eligible Sophomores were taken into the Club, but not before they had withstood sufficient initiation. The "initiates" were first collected at the high school, blind-folded and led to the Y. M. C. A., where they received an appetizing banquet, followed by that terrible fear, "initiation." They frankly admitted after the initiation that they felt as if they could be good, true and loyal to the History Club organization, respecting all rules set before them.

The meetings are held every two weeks at the homes of the members or at the high school. Current topics of the day are discussed, and occasionally a good debate by some of the worthy members is enjoyed.

One of the outstanding events was the banquet given for the faculty the third week in February. They certainly must have enjoyed themselves, the way they acted. A special program was prepared followed by a debate.

## Interscholastic Contest

Due to the growing interest in Interscholastic Contests, Auburn High has been able, through keen competition, to develop one of the best contesting teams in this section of the state.

Pictured above is the team which took part in the Regional and County Contests.

## Mildred Wineland

Miss Mildred Wineland, a Junior in Auburn High School has carried the name of A. H. S. to fifth place in the State Oratorical Contest.

Having won with ease the County, Regional, District, and Territorial Meets, she was eligible to enter the State Meet at Indianapolis. Here her remarkable oration, "John Marshall and the Constitution" netted Auburn fifth place in the state.

Her coaches, Mrs. S. H. Leitzman and Miss E. B. DeVine are to be congratulated on the success of their pupil.

To say that Auburn High is proud of Miss Wineland's achievement is hardly sufficient—we are indebted to her for her work in honor of the school.

## Senior Society

Yea, Seniors! Let's go! And so they did, by starting the year off right with a wiener roast at Sellers' woods. It was a great success, even to the snipe hunting. After eating watermelons and wienies galore, they decided to find something more exciting.

Not satisfied with their trouble with the pigs, they returned to Auburn and serenaded the Court. In return for which they were admitted free. (Some class).

They dropped in at Waterloo and Garrett before the evening was over and told them who they were. They then did credit to the class of twenty-four by going home early. (?)

## Senior Watch Party

New Year's eve the Seniors celebrated by having a Watch Party at Katherine Dawson's. They met at Jake's and although the whole class did not turn out there were enough to keep things going.

At midnight, when things began to lag, the cats were brought in, (Oh, Boy.) They were finally devoured and, Wonder of Wonders, the Dignified Seniors then washed the dishes (just for amusement, of course!) and only broke one dish. About five-thirty they returned to Auburn after having one great party.

## Junior Society

The Juniors have formerly been known as the "Happy Go Lucky Bunch," but this year they are known as the "Studious Juniors." About Thanksgiving time the Juniors' faces were marked with lines of care and worry. No wonder! They were going to give a carnival. It was a great success from the costumes down to the fortune telling, and everybody went away well informed as to their present, past and future.

The Juniors were especially bright during January, so decided they could leave their studies one evening long enough to have a bob party. They started for Garrett but found that the snow-man had forgotten all about Garrett, so they decided to go to Waterloo, but were again forced to return to Auburn. They ended in having a successful theatre party which they declared was enjoyed just as much.

## **Freshman Society**

The Freshmen had their first and only party at Snekps' barn. A large number of the Faculty attended to see that the Freshies came to no harm (because you know they're always up to something.)

Among the novelties of the evening was a Two Faced Quartette, an interesting Thanksgiving play, and a regular band. The refreshments were enjoyed by all present, and some more too—just ask Blackie!

Care was taken that the Freshies were returned safely home, with all looking forward to the parties in the future.

## **Basketball Banquet**

Rah! Rah! Team. The basketball season was successfully closed by a banquet given both teams on March 23, in the High School Gym. Appreciation of the teams was fully shown by the good eats. Such a variety has never been seen.

One of the most interesting games of the evening was the one between two teams of men. Due to the good (?) referee not many fouls were made. The entertainment closed with a game of indoor baseball.

The credit for the success of the affair belongs to our mothers.

## **Sophomore Society**

The class of '26 enjoyed only one party this year, but it was so successful that it made up for all the rest that they missed. It's Hallowe'en party was held at the home of Maurice Clark. Although all were masked, nearly everyone was revealed by some general characteristic. They are still wondering what was on the back porch that frightened them. They were led through many terrors, but they were still alive when the refreshments were brought in.

Athletics

Sewell Leitzman  
Coach

"Piggy"

*"Fight Clean and Smile"*

He has been with us four years and knows just how to put pep in the squad before it enters the game.

Francis Franz

"Shinney's" right there with the pep. To see him do his flip is alone worth the price of admission to any game.

"Did ya get it?" And the gang usually got it.

### The Squad

Waldo Long "*Demon*" or "*Wild Bill*."

Fought from whistle to whistle and his many baskets helped boost every score.

Garth Silberg "*Lucky*."

Wore out a couple of pairs of nets this season tossing the old marble thru the hoop. His baskets were as sure as the sun setting in the west.

Afton Reed "*Ton*."

Ton was a big speedy back guard. He played a great defensive game and will be missed next year.

### The Squad

Marion Funk "*Funk* "

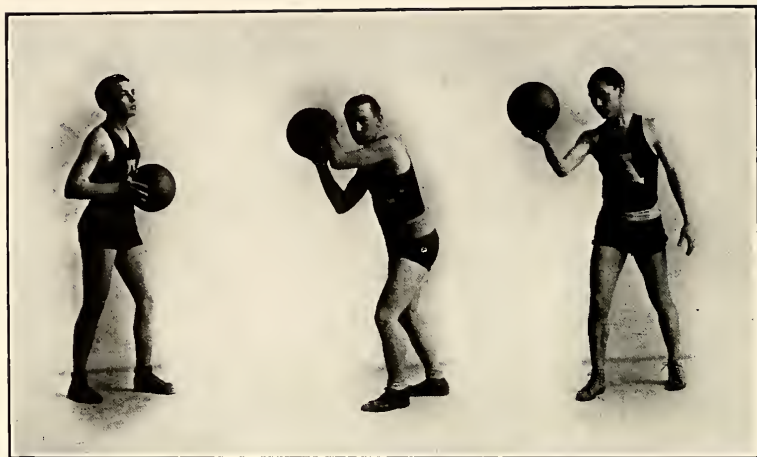

A rangy center with a mean eye for the hoop. Talks little but is always "there." Funk has three more years.

Ward Swarts "*Doc*."

What he lacked in size he made up in speed and goal-throwing ability Doc will be lost by graduation.

Lewis Gibford "*Lewie*."

Lewie never slumped. He fought every minute. He played at different times every position on the floor.

### The Squad

Carl Dennison "*Denny*."

Speedy floor guard, always reliable on both offense and defense.

Dale Walter "*Tubby*."

Tubby didn't become eligible until the second semester, but he soon developed into a valuable sub, and should shine next year.

De Voy Showers "*Dee*".

Dee was not only strong on the defense, but slipped in baskets regularly. He has two more years on the varsity.

## The Season

When Coach Leitzman called for basketball material, the response was overwhelming. That the picked squad was a good one was proved by the whirlwind fashion in which the season started. The team won six straights, the hardest being with LaGrange and Ligonier. The team then went to Kendallville where our old rival nosed us out by a scant three points. This defeat was avenged when Kendallville was handed the short end of a 25-17 score. Angola was barely able to win by 22-21 on our floor. Then came a period of sickness and ineligibility, and we dropped two games to Angola and Decatur, 33-23 and 34-19 respectively. Garrett was humbled 34-17 after we had previously lost at Garrett 12-8. The schedule was finished without another defeat. Auburn was victorious in the county tournament, taking Garrett across 16-15 in a hard battle decided in the last minute. The tourney was held in Butler's Gym.

Reed, Showers and Dennison proved to be great defensive players. The latter two became eligible the second semester, and will be with the team next year. Funk and Silberg did exceptional work at the center position. Funk is a Freshman and Silberg a Sophomore. Swarts and Long were excellent basket men who had real team-work. Hoodelmier and Snyder, utility, participated in a majority of the games. They are Sophomores and will be good material next year. It is the regret of the basketball fans that Reed, Long and Swarts are to be lost by graduation. However, in spite of these losses, prospects for a winning team next year are good. Our chances are very bright with fine material and a new Gym in sight.

## Schedule

## Tournament

Auburn plowed through snow-drifts and slush to Angola on February 29 for the purpose of taking the tournament. Angola effected the proverbial defeat, snowing us under completely, and taking the tourney herself. Her large floor took its toll and the home team got the jump in the first half 16-2. At this time the Angola band played "The Bull's Triumphal March." Auburn came back somewhat stronger in the last half but went down 26-10. It is fairly certain that the erection of a new gym in Auburn will guarantee a district championship team. This was the last game which Long, Reed, and Swarts played for Auburn Hi, as they will graduate this year.

Coch Eagle, "*Jane*"

"Jane's" last word, "Play your durndest," put pep into the team and we started out with the determination to win. A great deal of credit which the team receives should be given to "*Jane*" who supervised it

Marie Williams, "*Swede*"

"Swede" is the tallest girl on the team. She has done highly commendable work on the team, both as a player and as captain. She has one year ahead of her to battle for A. H. S.

## The Squad

La Rea Foote, "*Foot*"

"Foot," in center position played the floor, the ball, and used her head. This is her second year of unceasing activity on the varsity, and she still has a year ahead of her

Katrinia Baker, "*Sandy*"

Size does not count with "Sandy." When it comes to jumping Sandy is right there and has two years ahead to "catch the bacon."

Genevieve Berg, "*Berg*"

A consistent and reliable player, playing in every game. She is responsible for 198 of our total 486 points.

### The Squad

Dawn Hess

This is Dawn's first year at basketball, where she helped fill the running center position. She promises to be a winner on next year's team.

Beulah Lower, "*Lower*"

One of the three forwards, but not the least, scored many points for Auburn. Although small, Beulah showed us how to make them "swish."

Edna Morr, "*Ted*"

Ted has also filled the gap at guard. She is a speedy player, a "fighter" and has the determination to win

### The Squad

Ann Baker, "Ann"

This is Ann's third and last year at the forward position. Ann has proved herself a "sure shot" for the basket, scoring 66 of 110 points against Butler.

Marian Williams

Marian has filled the gap at guard and has proved to be an efficient player. This is Marian's first year of experience and last year to be with us.

Naomi Kraft, "Kraft"

This is Kraft's second year and she still has two more years ahead of her. Her spirit of "Don't give up," fought full thirty minutes of every game, no matter what the score.

## The Season

Girls' athletics have been a big attraction this year. The girls started with a bang and continued so all through the season. Starting with Waterloo, they whipped them all until the last game when they went down in defeat before Garrett.

One game of great importance was the game between Auburn and Butler. By this game it is assumed the girls won the state high point record, as they scored 110 points against 2. Another game was the Auburn-Garrett game at Garrett, where every girl played her best, and as a reward the game ended 28-12 in our favor.

Kraft '26 and Williams '25 playing as guards, kept the opponents' score down. Credit should be given to Marian Williams, E. Morr and G. Kline who were always ready to lend their assistance.

For forwards Baker '24, Berg '24, and Lower '24 showed keen competition.

Our centers, Foote '25 and Baker '26 were unexcelled. D. Hess also was of great assistance in this position.

Credit where credit belongs: Betty Whitten '27, Barbara Whitten '27, B. Reesch '25, E. Smith '25, M. Lewis '27, and M. Long '26, who made possible the first squad.

## Football

Due to the lack of candidates, football languished with rather a poor season. This sport has only in recent years been reinaugurated in Auburn Hi. And, as a team cannot be made over night, our players were somewhat inexperienced.

The first game was with South Side Hi at Ft. Wayne. There Auburn lost to one of the strongest teams in this part of the state.

The next game was with Howe Military School. Howe's big, fast team took the long end of the score.

The game with Garrett was the best on the schedule. Garrett came over confident and expectant of a big score. Auburn fought hard, and had 'it not been for a couple of costly errors, would have won.

The remaining two games were lost and the season closed. Much credit is due each player for his efforts in proving Auburn more than a one-sport city. Much brighter prospects are entertained for next year.

## Track

Since its introduction into Auburn Hi, track has not only proved a popular sport, but one in which we excel. The team of '23 won the district championship at Angola and went to the State Meet. Although Grogg, Lombard, Cook and Graham have been graduated, prospects for this year are good. A large squad answered Coach Leitzman's call for material this spring, and meets have been scheduled with Central of Ft. Wayne, Columbia City and Kendallville. A county meet has also been arranged.

The team of '23 was composed of: Grogg, Long, Lombard, Graham, Franz, Cook, Thomas, Frederick, Yarian and Clark. Grogg was beaten only once in two years in a dual meet. He captured the district 100 and 220 yard dashes both years.

Long as sprinter, high jumper and pole vaulter, was efficient in several events, and winner in the district 440 yard dash.

Lombard, a new man, won the district mile.

Graham proved to be the speediest low hurdler in the district.

Franz took the 120 high hurdles and is back for more this season.

Cook, a new man from South Whitley, went strong in the pole vault, going to the state meet after capturing the district.

Thomas, who tossed the shot, won many points for Auburn Hi.

Frederick, Yarian and Clark ran the 440, 880 and the mile. They will be back this season.

## State Meet

On May 19 the track team left for the state meet with the largest number of entrants ever to go from Auburn. Grogg in the dashes, Lombard in the mile, Cook in the pole vault, Long in the quarter and high jump, and Franz and Graham in the hurdles did exceptionally well. In the morning events they seemed a bit off form, probably due to change in the temperature for it was much warmer in the central part of the state. In the afternoon the relay team placed third in 1:37 time. They were but a few steps behind the winners. It was the first time for Auburn to win state honors in track.

## Baseball

Auburn Hi's baseball team went undefeated in 1923. Due to a late start but three games were played, two with Waterloo and one with Butler. The first game was here, Auburn defeating Waterloo 3-2 in a good game. In the return game Auburn was victorious 16-1. The next and final game was played at Butler, Auburn again winning 6-5. Grogg took care of the twirling with Dove on the receiving end. Bartles covering first, Pommert second, Bateman third and Long at short, composed a good infield. In the outfield were Wiseman, Black, Kruse and Hetrick.

A winning team is expected this year with many veterans back in uniform. Games have been scheduled with Garrett, Hamilton, Butler and Waterloo

## The New Alumni Gym

Auburn High is to be the owner of one of the finest gymnasiums in the state. A fact significant in itself, but which means more than that to the student of A. H. S. For three years we have looked forward to the realization of this dream—now it is in view.

Through the efforts of Mr. E. O. Little, chairman of the Gymnasium committee, and the Committee itself, the Alumni were interested in this project; not only interested, but pledged themselves to secure \$5,000 as a nucleus, around which to build the fund. Auburn High School, by means of a county wide drive to sell reserved seats for basketball games and secure additional pledges, added \$4,500 to the fund. The American Legion Post has recently gone on record stating that it will secure an additional \$5,000.

With such cooperation as this, the school board has found little difficulty in financing the new building. It will be ready for use by the opening of the next school year.

## Ed Says--Concerning The New Alumni Gym

The Editor has asked me to say something in the Annual about the Alumni Gymnasium. Why he picked on me I do not know unless it is because I have the honor and privilege of being chairman of the Gym Committee of the Alumni Association.

When I was a boy about twelve or thirteen years old, I used to day-dream and one of my dreams was that some day a rich man would come along and give me a bicycle. (Now-a-days, I presume, the boys of this age wish for an automobile.) Like all other boys I also had in mind a man who was my ideal of all that a man should be, and one whom I wanted to be just like when I grew up.

Well, I did grow up a few years later and went to work for this same man, learning the business which I have followed ever since, and, while this man was not rich, yet he did have a bicycle. He didn't give it to me but so far as its use was concerned it was mine for I rode it whenever and wherever I pleased.

This is a strange way to "say something" about the Gym, but my point is this: I have always felt that if we can make our schools better, a more attractive, healthier, and happier place to go than we enjoyed when we were kids, it is our duty to do so. The young folks of today look to us to do for them the things that we dreamed of when we were in school. Each graduate of the Auburn schools is some boy's or girl's ideal. Dare we evade the responsibility?

In accepting the chairmanship of the Gym Committee, with all its attendant hard work and responsibility, it was with two thoughts in mind. One was to carry out the suggestion made at our Alumni banquet last year, to make the Alumni Association stand for something worth while; the other was the idea expressed above, of doing something for the young folks of our home city, for the children of us older graduates, and for the children and grand-children of coming generations, having in mind that the reward of each and every member of this committee would be the friendship, the good will, love and respect of the youth of Auburn.

In this undertaking, every member of the Gym Committee, as well as the officers of the Alumni Association, and every graduate who has contributed, must feel that he has indeed had a part and has rendered a great service to Auburn and her schools. A service that is not measured in dollars contributed, but in a better physical and mental manhood, for after all a good mental training is impossible if the body is sick. And then, too, each one must realize that he has had a part in providing Auburn with a much needed Community assembly place.

The Alumni Gymnasium will stand as a monument to the loyalty and generosity of the graduates of the Auburn schools, and it is the sincere wish of the officers of the Alumni Association and the Gym Committee that its use will be dedicated to such activities that no graduate will ever have cause to regret anything contributed to its erection.

To the young folks who will enjoy its use next year, and the next, and throughout the years to come, we say, PLAY THE GAME FAIR. Whatever things are TRUE and RIGHT and HONEST are the things for which every student should contend. The honor of the school should be dear to every student and graduate, and he should ever remember that his own character and conduct reflect honor or reproach on the school as a whole.

Be TRUE SPORTSMEN always, and when at length you, too, shall join the ranks of those who shall know its use no more as students, be sure that you have no regrets that you have not been guilty of a single dishonorable or unsportsmanlike act.

IN THREE ACTS

TIME—THE PRESENT

*Scene*—The entire play takes place in the living room at "Rockmere," the summer home of the Barringtons, at Beach Haven, Massachusetts.

## *Synopsis*

Honor Bright, a Nebraska college girl is "bookagenting" her way along Boston's north shore. Richard Barrington, an impulsive young Harvard man, is engaged to Tot Marvel, a chorus girl of the "Snap It Up" musical review. Dick's mother invites Tot to the Barrington home that she and Dick's aunt and uncle may see the fiancée. Upon Tot's failure to arrive, Dick finally persuades Honor Bright to pose as Tot until his Uncle William and Aunt Peggy leave. When the real Tot arrives, Dick is baffled by his having to present two fiancées to his family. The situation is saved by the arrival of Bill Drum, Tot's press agent, and the ingenuity of Honor Bright.

One day while riding with her fiancé, Lord Craven, Lady Constance Martendale becomes lost in the woods. They wander to the gypsy camp where Constance and Rob meet and fall in love at first sight. Rob serenades Constance at her home and they plan to elope but are overheard by Craven, who informs Sir George. Rob is captured and thrown into prison, but later escapes.

## Manual Training

Manual training has, and will continue to be one of the most interesting of the numerous constructive classes

Here in a modern shop equipped with electric saws, drills, lathes and presses, some remarkable pieces of work have been turned out.

A half year in mechanical drawing prepares the student for the real construction of projects in the latter half of the year.

Under the direct supervision of Mr. I. M. Cospers a number of projects have been completed and placed on exhibition at the high school during various entertainments and gatherings.

The department has been handicapped by the lack of students taking the course, but by present indications the coming class will be a large one.

## Girls' Vocational Club

The girls' vocational department of A. H. S. had an enrollment of 63 during the school year of '23-'24.

In the various schools over the country these Vocational departments have been coming more and more to the front. So is the situation in Auburn High School. A few years ago a class of 20 was considered large, but today women students realize the need of this training. They are taking advantage of the opportunity offered in Auburn High. Not only have they attended well to the academic side but also have developed the practical and social sides.

The organization of the Girls' Vocational Club has been the greatest single move toward advancement of this department. Under the able supervision of Miss Viemont and Miss Tingley the club has put over numerous social and educational gatherings, chief among these being a banquet given by the Vocational Girls' Club in honor of the Boys' Agriculture Department.

This department has the brightest of prospects for even a bigger and better year in '24-'25.

## Vocational Agriculture

This year we have the largest enrollment since the class was organized in 1919. We have one of the largest vocational classes in the state. There are 43 enrolled. The class elected the following officers: Willard Lahnum, president, John Burtzner, vice-president and Merlin Freeman, secretary-treasurer.

Among the social events were several club meetings with talks and illustrated pictures on agricultural subjects. A basket ball team, starring John Burtzner, Edwin Dellenback, Willard Lahnum, Ralph Noel, Robert Glass and Paul Culver, was organized. A big class party was held with the vocational girls at which a jolly good time was had.

The class has done practical work, such as selecting seed corn, culling poultry, managing two orchards, treating potatoes and wheat, pruning vines and bushes of small fruits and conducting several observation trips.

Practical work, which was done individually by the boys, was feeding for egg production, milk production and pork production, the growing of corn, potatoes, onions, wheat, fruit and truck.

The subjects studied in the forenoon class were: Poultry Raising, Dairying and Horticulture. In the afternoon class, crops and agricultural botany were taught.

Several prizes were won at the County Corn and Potato Show. Sweepstakes in yellow corn and several first and second places in both corn and potato entries were received

## Senior Class History

*(Concluded)*

Moreover, they didst build up great fires and rejoiced with much feasting.

And because of the deficiency of their coffers in the eleventh month, they didst depart with a share of their wisdom and didst give unto the other tribes with song and dance.

And it came to pass that on the last day of the last month in the year of our Lord nineteen hundred and twenty-three, they didst feast and rejoice far into the hours of the night. And there was no night like unto it, before it or after it.

And the tribes beseeched the judges of the tribes to build a temple in their midst, and the tribe of Seniors didst excell the others in their supplications.

And it came to pass that this learned tribe gave its ability unto the treasure of the final record of their deeds while they had sojourned in the halls of McIntosh. Moreover, the greatest of the scribes were chosen for this labor.

And on the twenty-third day of the fifth month of the year of our Lord, nineteen hundred and twenty-four, after a great feast given by the tribe of Junior, they didst take up their scrolls and depart. And there was great mourning in the House of McIntosh for the illustrious tribe of Senior.

## Prof. Schooley Makes Great Discovery Relative to Moon's Composition

## New Discoverer to Revolutionize Astronomy

Today Prof. Schooley, of the Schooley School for Stammerers, was privately interviewed by one of the Oilcan's reporters concerning his latest discovery in the field of Astronomy. Though Prof. Schooley was very guarded in his answers the reporter gained enough information to assure him the discovery was epoch marking.

Prof. Schooley absolutely discredits the universal theory that the moon is composed of green cheese.

He stated, "The time honored belief that the moon is a mass of green cheese is ridiculous; it is a theory for children."

The proof of his statement and the real composition of the moon Prof. Schooley refuses to divulge as yet.

He intends to present them, he has said, at the International Convention of Astronomers which meets the latter part of this month at Waterloo.

Prof. Schooley's assertions have been severely criticized by such eminent men as Prof. Star of Bi-State College, and Prof. Mars of I. C. S. Both of these men rank high in their chosen fields and their criticisms should not be disregarded.

Should Prof. Schooley prove his statement it will shake the theory of Modern Astronomy to its very foundation.

## SPORTS AND BASKETBALL

### THE AUBURN-HARVARD GAME

**Auburn Swamps Harvard**  
20—0

For the third successive year the crimson and black gridders emerged victorious, before a throng of 125,000 people, over their old rivals Harvard.

Much credit for the victory goes to K. Osburn, the flashy half, whose open field running scored two touchdowns for Auburn.

Seven minutes after the ball was put in play Osburn took the ball on his own 30 yard line, circled left end and raced 70 yards for the first score of the game.

Again in this quarter Osburn took the ball and circled left end running through a broken field for his second marker.

In the final quarter Auburn took the ball on Harvard's 20 yard line, then the sinewy full back, Bob Little, literally crushed the Harvard line for the remaining yards. Four times he hurled his mighty hulk against the human wall, each time he gained his ground.

Only once during the entire game did Harvard have a chance to score; in the fifth quarter but they didn't take advantage of it.

Word has been received from Hillsdale College that they are "out to win" and their team has put in extensive training. It looks as if the tourney is going to be the best ever.

Work has been started remodeling the Alumni Gymnasium to conform with the lines of a Chinese pagoda, and the interior will be appropriately decorated.

Nothing has been spared to get the best possible officials, and Mr. Fribley today announced that the two most prominent exponents of the game, Hung Hi and Hung Lo had been signed up to referee.

ell Bourns, prominent young man about town. Both these young men were suitors for the hand of Miss Dawson, one of the year's most charming debutants, and it is thought that Little took this way to rid himself of his rival. The Oilcan was fortunate in getting pictures of all three of the principals in this bloody love-triangle. Little's picture in a most ghoulubial pose with Miss Dawson, shows him to be a mean subject and his face bears the unmistakable stamp of the daredevil criminal.

When the decapitated body of Mr. Bourns was discovered floating in his own blood in a bath tub the coroner immediately reported death by suicide. However, the finding of a bloody saw beside the tub convinced the authorities that there had been foul play. The first arrest was that of Mr. Little.

People of Auburn have reasons to be proud of the McIntosh high school and other civic institutions.

They have reasons too, for pride in the Auburn manufacturing institutions and the products that bear the city's name.

Auburn motor cars merit the general favor in which they are held in this locality. They represent full value in any market. They are chosen in Sweden, Holland and the Phillipines and many other distant lands chiefly for the same reasons that commend them to the people of Auburn.

## DON'T LET CRITICISM SOUR YOU

ANYBODY who does anything at all worth while in this world will surely be criticized by somebody, and undoubtedly by several somebodies.

The man who can't do things, always has plenty of time to find fault with the man who can.

To the thin-skinned or super-sensitive man, criticism acts as a poison. It dams up his energy and sets the brakes on his ability.

The strong man, the man who arrives, is the man who maps out his own course, changes when he finds he is in the wrong, but does not allow himself to be whipped, lacerated and his progress impeded by mouthings of every whippersnapper who is always looking for a defective spot in every apple into which he bites.

### A FRESHMAN'S OPINION

Us Freshman is a quiet race,  
We never smile nor grin,  
We just set and count the lights  
Though the teacher be out or in.  
The Sophomores is a cocky race,  
The way they're always chewin',  
But us Freshies look over that,  
For they know not what they're  
doin'.

The Juniors they ain't half bad,  
They've kinda quit a teasin;  
But never the less we must confess,  
They could be a little more pleasin'!

The tailors' business is just  
so-so.

The undertakers' business is  
dead.

The carpet business is held  
down by tax. (tacks)

The barbers are just scrap-  
ing along.

The butchers manage to  
make both ends meat.

The elevator men have their  
ups and downs.

The carpenters are nailing  
everything they can get their  
hands on.

The pickpockets are the on-  
ly ones that are taking things  
easy.

Look at the clock-makers,—  
the hands can't even strike.

Dawn: "Well, there's one man whom you'll have to take your hat off to."

Leo: "Who?"

Dawn: "The barber."

Mr. Weathers: "What was Poe's mother?"

Ruby: "An actress."

Mr. Weathers: "What about his father?"

Dorothy N.: "He was an actress too."

She sat on the steps in the evening, enjoying the balmy air.

He asked, "May I sit beside you?" and she gave him a vacant chair.

Did you know my little dog

No. I suppose he either swal-

inches or ran up in an alley and  
died by the yard.

No, neither one. He crawled

# SCHAAB & BROTHER COMPANY **ATMOSPHERE**

The one thing about the Schaab store that is distinctive is its Atmosphere.

When you debate with yourself as to where you should go to buy, several points have weight.

There are Prices. There is the Location of the Store. There is the Quality and Dependability of the goods. And there is the Atmosphere of the place.

And the greatest of these is Atmosphere.

Atmosphere is made up of many little influences. It is quite easily recognized, attracts or repels sharply, yet it is hard to define.

It involves the Courtesy of the salespeople.

Their Frankness and Promptness.

Their interest in you.

Their intelligence.

And the general Feeling you receive, the impression that you are being Fairly dealt with, that you are being told the exact Truth, that the Goods you buy are really Worth what you pay, and that you could not get better values by going elsewhere.

The salespeople are well paid, are interested in their work, are courteous and hence a delight to deal with.

The methods of management are direct and simple.

There are no Comparative prices.

Everything is Honestly Marked in the first place, and is neither scaled up or down.

Every customer is treated alike.

The atmosphere is one of clean wholesome Democracy, which is equal consideration for everyone.

You are made to know that expert buyers have purchased the goods of reliable manufacturers. That garments are carefully altered in our own work-rooms under our personal supervision.

In such a place you can do your shopping in entire peace of Mind.

There is no haggling, no snobbery, no solicitation, nothing to irritate or annoy.

The one business of our sales-force is to show you that which you want.

You go to SCHAABS' because you want what we have. You get it under conditions that are agreeable. You leave the place with your self-respect unimpaired, and with a pleasant memory of the clean, straightforward, honest and courteous Atmosphere of the Place.
